

# CASE ONE® A CHEMICAL PROTECTION SUIT

The gas-tight, single use suit Case One a protects firemen and chemical workers from dangerous and toxic chemicals in liquid or gaseous forms. The suit is designed for Self-Contained Breathing Apparatus (SCBA) worn under the suit. Tightly attached gloves and boot socks with drip edge or S3 sole provide the wearer with the greatest protection. Back entrance with covered (held in place with Velcro), and gas-tight zip. The highly transparent visor contributes to a higher degree of comfort and safety for the wearer.
